ACF-2125 LOW-PROFILE ADAPTER

This adapter allows 1¼" eyepieces, Barlows and accessories to be used in 2" focusers, housings, extension tubes, diagonals, etc. The brass clamp ring assures tight, non-marring locking. Use of Tele Vue 1¼" eyepieces (with their matching undercuts on the barrels) will minimize the possibility of accidental eyepiece fall-out.

IMPORTANT WARNING

IF YOU ARE USING THIS ADAPTER IN A 2" DIAGONAL, BE SURE THAT THE 1¼" COMPONENTS (SUCH AS BARLOWS) DO NOT CONTACT THE DIAGONAL MIRROR. IF THERE IS A DANGER OF CONTACT, CONSIDER USING TELE VUE'S "HIGH HAT" ADAPTER INSTEAD (ASF-8125).
